

SUPPORTIVE INFO

Our leaflet is here to inform you about **'child friendly search engines'**.

We're here to support you and your child(ren) with the internet. If you're worried about your child surfing on the internet then we are here to guide you in simple steps.

WHAT ARE SEARCH ENGINES?

A **search engine** is a program that searches for and identifies items in a database that correspond to keywords or characters specified by the user, used especially for finding particular sites on the World Wide Web.
